

“Unforgettable, moving, challenging and exhausting are all words that I would use to describe Trek Peru! I couldn't be more ecstatic about the success of our first overseas challenge. Every day of the trek has given me some very special memories. The enjoyment of such a challenge is as much about the interaction of the group as anything else. At our recent reunion there was a real feeling of warmth and camaraderie – I feel honoured to have been part of their experience and to have seen the forging of what I am sure will be life-long friendships.”

Karen Holman, Charity Challenge Officer.
